

# *The* Aquatic Resources Education Association

## Conference Student Scholarship Application

The purpose of the Student Scholarship Program is to encourage students with a strong interest in aquatic resources education to participate in the Aquatic Resources Education Association's biannual conferences. The scholarships include complimentary registration and \$200 to help offset lodging costs.

### **Student Requirements:**

1. Full-time enrollment in an accredited institution of higher education at the undergraduate or graduate level.
2. Strong interest in aquatic resources education.
3. Enrollment in a course of study related to aquatic resources education such as: fisheries and wildlife sciences, education, biology, conservation, or other related areas.

### **Application Procedures:**

1. Completion of the individual information below.
2. Signature of academic advisor or major professor at the bottom of this form.
3. One paragraph written statement about your professional goals and how they relate to aquatic education (attach to this form).
4. One paragraph written statement concerning what you want to achieve by participating in the Aquatic Resources Education Association Conference (attach to this form).
5. Return this form and written statements by the Application Deadline: **Friday, August 18, 2006**
